

I do not agree that LPFM stations should take priority over current FM translator service. K-LOVE radio station is a commercial-free, family friendly, Christian music and programs venue that is essential to our society as a whole and our local area. The social mores of our society have gravely deteriorated and stations such as K-LOVE are a huge way to turn this trend around. K-LOVE is a "listener funded" station and I help support, financially as well as in prayers, to keep them on the air. As I live in an area in which K-LOVE is broadcast by FM translator service, it would be a great disservice to me and others to not be able to receive their signal 24/7. Your kind consideration of this matter is greatly appreciated.
